GENERAL INFORMATION:

Tidal Grow® SeaPhos® 2-7-0 is a cold-processed hydrolysate made from fish byproduct. This seafood hydrolysate feeds the soil biology and provides phosphorus for plants. Tidal Grow® SeaPhos® 2-7-0 is screened to 165 mesh (90 micron) for trouble-free spray and drip use.

GENERAL USE RATE RECOMMENDATIONS:

Row Crops: Apply 1 to 4 gal/acre per application, 1 to 2 times per year.

Orchards and Other Perennial Crops: Apply 4 to 8 gal/acre, 2 to 4 times per year.

Vegetables and Other Annuals: Apply 1 to 4 gal/acre, 2 to 4 times per year.

Use with Caution: Wash with water any contact with body. Do not store diluted product, use up all that you mix.

GENERAL GUIDELINES:

Mix well before adding water. Dilution: 5:1 for soil use and 10:1 or greater for all other applications. Test for product compatibility with other applications prior to use.

STORAGE & DISPOSAL:

Do not contaminate water, food or feed by storage or disposal. Store in original container tightly sealed in a dry location. Dispose of packaging according to state and local authorities.

Information about the components of this lot of fertilizer may be obtained by writing to Tidal Grow AgriScience and giving the lot number which is found on the container. Information regarding the contents and levels of metals in this product is available on the Internet at: <http://www.aapfco.org/metals.html>

PRECAUTION:

Use of the product in accordance with label directions is not expected to adversely affect normal vegetative and/or reproductive growth in most situations. However, various environmental and agronomic factors, such as crop stress associated with high temperatures and/or dry conditions, make it impossible to eliminate all risks associated with the use of the product; therefore, crop injury is always possible. The user assumes all risks of use and handling. Use in accordance with recommendations of a qualified individual or institution, such as, but not limited to, a certified crop advisor, agronomist, university crop extension publication, or apply according to recommendations in your approved nutrient management plan. Consult your local Tidal Grow AgriScience Company representative for further information.

Do not apply if a heavy rain is expected. Do not apply near water, storm drains, or drainage ditches or to any impervious area. Sweep any product that lands on an impervious area back to the application area. Tidal Grow® SeaPhos® is intended as a supplemental source of crop nutrients applied as part of the fertilizer program to improve soil health, crop quality, and yield.
